Subject: Senate Bill 259

Folks,

The only way this bill will work is that it is enforced. The towns leaders, Police, and the Judges within the court system have to enforce it and be All on the Same Page!

We did this back in 93-94 in Thompsonville when we integrated Community Policing into the Town of Enfield, it worked well for us. We cleaned up the streets very well doing this. Again we had the support and we enforced it!
